QUOTA MAY BE FILLED

First Army Draft May Not Take any Men From Alexandria or County, It is Thought.

Because of the fact that so many Alexandrians have enlisted in different branches of the army or received commissions in the same, it is the opinion of many persons that this city will not be called upon to furnish any men for the draft that becomes operative very shortly to secure the full strength of the nation's conscripted force.

It has been expected all along that the number of men enlisting voluntarily in the service would cut down the number of Alexandria's quota to the draft, but official announcement of the policy of accrediting voluntary enlistments to the local draft quota has come to George H. Rucker, clerk of the Alexandria county court, and a member of the exempton board for Alexandria city and county on the draft. The information is in the form of a letter from the adjutant general of the army which stipulates that all persons who enlist in the national guard or any branch of the regular will be deducted from the number which the city has to furnish on the draft.

In the issue of the Gazette of June 25, it was stated that all men who enlisted in the national guard or regular army form this city before June 30 would be considered as part of the State draft quota, to be accredited, in all likelihood, to the city itself. It was also stipulated that this rule would apply to only those who enlisted between the ages of 21 and 31. It is still thought that only those enlisting between 21 and 31 years of aged will be considered as part of the draft quota, but it is likely that the limit of June 30 will be pushed up, as the training of the necessary officers, choosing of camp sites, and other red tape of officialdom has necessitated delays in preparations for the actual draft.

Because of the enlistments of citizens of Alexandria in the Alexandria Light Infantry, which since the declaration of war, number about twenty-five, and the number that have enlisted in the regular army stations, including cavalry and artillery, in Washington and elsewhere, the number from this city who will probably receive commissions at Fort Myer, and the numbers of Alexandrians residing elsewhere at present who have enlisted and credited this city as their home, makes it extremely likely that by the time the number of men Alexandria has to furnish on the first draft is announced officially, it will be seen that the quota has been filled by voluntary enlistments. This will speak well for the war spirit of the city.

According to the copy of the official registration lists in this office, the total number from Alexandria city and county together registered on June 5 was 2486.

PEACE STILL DISTANT

Kaiser's Premier Spurns Policy of no Annexations and No Indemnities as Impossible and Dangerous.

Zurich, July 10.—"Germany must fight to the lasp gasp!"

With these ringing words Dr. von Bethmann-Hollweg announced to the world that peace is still far distant, said an official dispatch from Berlin today. The Taeglische Rundschau, of Berlin, was given as authority for the German chancellor's declaration, as the speech was made in secret on Monday before the main committee of the Reichstag.

According to this newspaper, the chancellor's opposition to a policy of no annexations and no indemities may be summed up in these words: "It is impossible and dangerous."

Dr. von Bethmann-Hollweg went on to say that "the government is unable to accept socialistic propossitions because they proved unsuccessful in Russia."

DEATH NOTICE

Died, July 9, 1917,. Andrew A. Warfield, aged 67. Funeral will be held Wednesday, July 11th, at 11 o'clock a. m., from 119 north Columbus street. Interment private.

MEETING OF COUNCIL

City Fathers May Adjourn to Meet Again on the Second Tuesday in October.

The regular semi-monthly meeting of the City Council will be held tonight. The two boards generally adjourn on the second Tuesday in July until the second Tuesday in October. A resolution providing for the adjournment will be introduced tonight. The tax, license and appropriation ordinances have been passed and virtually all urgent business has been transacted.

A vice-president of the Board of Aldermen will be elected in place of Jacob Brill, formerly a member of the board from the First ward, who tendered his resignation at the last meeting. W. W. Ballenger, member from the Second ward, will, it is said, take Mr. Brill's place. An election for a member from the First ward to fill Mr. Brill's unexpired term, will also be held. E. M. Anderson, at present a member of the School Board from the First ward, will, it is believed, be elected.

The term of Robert E. Knight, member of the Board of Police Commissioners from the First ward, has expired. Mr. Knight is a candidate to succeed himself, and it was at first supposed that he would have no opposition. It is now said, however, that others may enter the race.

FUTILELY HAMMERING

Crown Prince Delivers New Attack on the Chemin-des-Dames Plateau.

Each day now witnesses a new attack by the German crown prince along the Aisne front in northern France, suggesting an attempt at a sustained offensive. The French guns are proving too much for the attacking ranks of Teutons, however.

Last night's attack on the Chemindes Dames plateau, the high ridge which the Germans lost in the spring campaign and are now trying desperately to recover was even less fruitful than others have been at the outnet. The Germans were not able even to get near the French lines at the Hurtebise monument and the Dragon, where their attacks were launched, and they fell back with severe losses.

Gen. Haig in again nibbling at the German lines in Belgium. Last night he took another bite into the territory east of the Messines ridge and advanced the British lines slightly near Costfaverne, a mile northeast of Wytschaete.

WINKS AFTER 16,500 VOLTS.

Victim of Electric Shock Apparently Dead, Revives in Surprise.

Sunbury, Pa., July 10.—After he received a shock of 16,500 volts of electricity, at Turbotville yesterday, Frank E. Groner, 40, of Selinsgrove, lay apparently dead for 35 minutes. All heart action had stopped and C A. Gift and Newton Smith, who worked over him for that time, had about given up hope of resuscitation when there was a heart movement, his eyelids fluttered and then opened. Groner asked what was the matter.

Groner was taken to the Mary M. Packer Hospital and insisted upon sitting up in the ambulance. He walked into the ward and, despite serious burns, wanted to go home last night.

Groner was working at a switch when his head touched the high tension wire. Regardless of his own safety, Jesse Smith grabbed Groner and dragged him to safety, himself being severely shocked.

ANOTHER LIBERTY LOAN

To be Offered to the Public in September, According to Report Made Public Today.

The statement was made today in Washington that another issue of war bonds amounting to $3,000,000,000, the second installment of the Liberty loan of 1917, will be offered to the public at 31-2 per cent. on September 15. Already officials are laying the groundwork for floating the huge issue, the largest ever offered in the history of American financing.

This issue will dispose of the entire amount of war bonds authorized by Congresse—$5,000,000,000. As soon as the loan is completed Treasury officials and Congressional leaders will begin work on a new war bond program which will result in the voting of another big credit, probably larger than the present one, next spring, if the war has not by that time come to an end.

ARMY SQUADRON FLIES FAR

Twenty-three Machines Travel 90 Miles at Mile a Minute.

Chicago, July 10.—What is believed to have been the longest squadron flight of army airplanes so far was quietly accomplished yesterday.

Twenty-three airplanes, under command of Captain Roy S. Brown, of the Signal Corps, took the air at 6 o'clock yesterday morning, from the aviation field at Ashburn, a suburb, and flew in one hour and 35 minutes, practically a mile a minute, to Rantoud, near Champaign, Ill., about 90 miles. The trip was made without accident. One plane landed 12 miles from Rantoud for gasoline, but arose with little delay.

The Ashburn camp was abandoned because the Government was unable to obtain additional land needed without paying too high a price.

A special meeting of the Board of Trustees of the Alexandria Hospital has been called for 4 o'clock Wednesday afternoon, July 11, 1917, at the Chamber of Commerce, to take action on matters pertaining to the new hospital.

ARTHUR HERBERT, jr., Secty.
161-3t.

Alexandria City and Suburbs

Mr. and Mrs. William B. Smoot left today for a stay of several weeks at Gloucester, Mass.

Miss Margaret Spofford Dye, of Garrett Park, Md., and Miss Virginia Ellis and Richard W. Ellis, of Cleveland Park, D. C., have been guests of Miss Harriet Spofford.

D. J. Howell et al. have sold to Morris L. Horner the house on the northwest corner of Duke and St. Asaph streets, the property formerly occupied by the late Dr. William Gibson.

A literary and musical entertainment complimentary to the soldiers and sailors in the neighborhood will be given by talent form Alexandria on the evening of Thursday, July 19, at Mt. Vernon Avenue School, Del Ray.

The State Corporation Commission has granted a charter to the D. B. Gish Manufacturing Company, Inc., Alexandria; automobile business; capital, $100,000. D. Brailey Gish, president; J. B. Kinnear, secretary and treasurer, both of Washington, D. C.

Licenses for only 365 dogs have been issued by City Auditor Price to date. As the time limit for the payment of licenses expired on July 1st, inquiries are being made as to when the licenses will be obtained for the remaining number of canines in the city, estimated to be about five hundred or so.

Sarepta lodge of Odd Fellows of this city is anticipating with pleasure the visit which Grand Master R. Moss Southward of Virginia, is to make to that body tomorrow evening. District Deputy A. F. Swenson, of Falls Church, will also visit the lodge on the same night and install the newly elected officers. It is expected that a delegation of Washington Odd Fellows will be present to add to the pleasure of the evening's program.

Alexandria is one of the cities of Virginia where stations are to be established by the government to distribute the vaccine preventive for smallpox and the serum that is used in the innoculation against typhoid fever. Stations are to be established throughout Virginia to furnish all comers with the vaccine and serum and no charge will be attached for supplying the material or the application of same. Announcement will be made through the press as soon as the first shipment arrives. Besides this city, other stations for the free distribution of these great preventives will be located at Richmond, Norfolk, Newport News, Irvington and Fort Monroe, and other points. Uncle Sam is taking precautions this year to make all of his citizens immune from the two wasteful diseases.

Mr. and Mrs. Bertram Dienelt, who have been the guests of friends in this city, have returned to their home in Richmond.

The fall program of activities of Washington Memorial Lodge of Perfection No. 7, will be arranged at a meeting of the lodge which will be held Friday night.

The lawn party to be given by members of the Christ Church choir will be held tonight at the corner of Queen and Washington streets. In case of rain, the affair will be given tomorrow night at the same place.

J. B. Collins has returned from a weeks' visit to friends in Staunton. Mrs. Collins and children, who spent the week at Staunton with Mr. Collins have left there to visit Mrs. Collins' parents in White Springs, West Virginia.

The lawn festival given yesterday evening at the residence of Miss Lucy M. Graves on south Fairfax street for the benefit of the Children's Home, proved to be a great success, a large number patronizing the affair, among whom were many men in uniform.

Mrs. Melissa Cole, widow of the late James R. Cole, who formerly resided in this city, died yesterday at the residence of her daughter, Mrs. Carrie Bierman, 211 Gilmor street, Baltimore. Funeral services will be held from that place Thursday afternoon at 2 o'clock.

It is expected that arrangements will be made for the speeding up of action in moving the Alexandria Hospital to the new building which has been erected at the corner of Washington and Duke streets, at a meeting which has been called for tomorrow afternoon by the board of trustees. It is announced that action on matters pertaining to the new hospital will be taken at that time.

Canteen Sergeant "Crutter" Johnson, manager of the Fort Hunt post baseball team, is trying to make arrangements to stage a contest between his ball tossers and an aggregation of army or navy all-stars. He wants to meet a team picked from men in any army and navy stations in the vicinity and give the proceeds to the Red Cross. In case an all-star outfit cannot be assembled from soldiers or sailors around Alexandria or Washington, a contest will likely be staged between the post team and some amateur team from the District of Columbia or vicinity. Manager James Wright, of the Rex Athletic Club, in Washington, which is one of the time-honored rivals of the Cardinals in this city, is trying to arrange a game with Sergeant Johnson.

JAMES W. GERARD RESIGNS.

Resignation of Former German Envoy Accepted Some Time Ago.

Washington, D. C., July 10.—James W. Gerard, former Ambansador to Germany, has resigned from the diplomatic service and returned to private life. His resignation was accepted some time ago, though the fact was not allowed to become known until yesterday.

At The Picture Theatres Tonight

"Sowers and Reapers" at the Richmond tonight is a picture play with a powerful appeal in it. It is a story that carries a message to parents. An honorable young man falls in love with a pure girl and they are married, against the wishes of his father. The parent, who has other ambitions for his son, separates them. Then he and the young pair pay the penalty of his defiance of the Biblical injunction, "Whom God hath joined together let no man put asunder."

The story is a simple one. Therein lies its power. It was written and directed by that master hand at motion picture craft, George D. Baker. It is interpreted by a star whose talent is admirably adapted to the part of the girl wife. Emmy Wehlen shines with unusual strength in this production.

"The Empress" will be seen at the Surprise tonight with Holbrook Blinn as the star.

Mr. and Mrs. George Wise, of Seminary Hill, left today to spend some time at Ocean City, Md.

Mrs. R. A. Harrover spent the past week-end as the guest of her mother in-law, Mrs. Joseph Harrover, in Lorton, Va.

The Willard W. C. T. U. will hold their regular meeting tomorrow afternoon at 3 o'clock at Trinity Methodist Church.

Mr. and Mrs. C. E Dare and family, who have spent the past few days motoring through Rising Sun and other points in Maryland, returned to their home in the city this morning.

Two new applicants were signed up as recruits last night by Company G, First Virginia Regiment. Their names are Gilbert M. Brown and Leroy Taylor.

Osceola Tribe of Red Men will meet tomorrow night in their hall on Cameron street to recommend bylaws to be written into the constitution of the local branch of the order.

The resignation of Walter M. Donnelly as secretary of Alexandria lodge of Elks was accepted at a meeting held last night and John D. Normoyle was chosen as secretary pro tem. The regular election of a secretary is expected to take place at the next meeting.

There will be a meeting held at the rooms of the Chamber of Commerce on Thursday morning at 11 o'clock in the interest of the Navy League. Mrs. Alexander, of Washington, has been detailed to organize in Virginia and has met with great success so far throughout the state. The ladies of Alexandria are invited to attend the meeting and it is hoped there may be a good attendance.

The regular Monday night drill of Company G, First Virginia Regiment, was held last night in the armory. This week the semi-weekily drills will be put into effect, and the Light Infantry will drill again Wednesday night. Last night Company C. of the Alexandria Home Guard, drilled from the armory through some of the city's streets. Members of the Light Infantry were measured for uniforms last night.

Andrew A. Warfield, a well known resident of the city, died yesterday aged 67. The deceased was formerly engaged in the drug business in Alexandria and later on a member of the firm of Janney and Warfield, insurance agents. He is survived by his wife, Mrs. Jane Elizabeth Warfield, and one son, Allan A. Warfield. The funeral will be held tomorrow at 11 o'clock from 119 north Columbus street, the Rev. E. V. Regester, officiating, interment in the Presbyterian cemetery.

DEATH OF PASTOR

Rev. Dr. S. B. Treadway Formerly of the M. P. Church in This City Passes Away in Baltimore.

Rev. Dr. Silas Baldwin Treadway, civil war veteran, and for many years prominent in the Maryland Conference of the Methodist Protestant Church, died Saturday at his home in Baltimore, His funeral took place yesterday afternoon from North Baltimore Methodist Protestant Church, Mount Royal avenue, near McMechen street. The Rev. W. H. Litsinger, pastor of the church, assisted by the Rev. R. F. T. Tagg and the Rev. Dr. J. M. Sheridan, of Broadway Methodist Protestant Church, officiated. Burial was in the Presbyterian Cemetery, at Govans. Many clergy of the Methodist Protestant and other churches attended. The pallbearers were: The Rev. J. W. Kirk, of St. John's Methodist Protestant Church; the Rev. J. M. Gill, of West Baltimore Station; the Rev. G. W. Haddaway, of Starr Methodist Protestant Church; the Rev. S. F. Sassen, of Towsen Methodist Church; the Rev. W. R. Graham and the Rev. F. C. Klein.

The Rev. Dr. Treadway was pastor of the Methodist Protestant church in this city in the latter part of the eighties.

Soft shelled crabs on toast at Rammel's Cafe, 15 cents.

FRUITS OF HOME GARDEN

Policeman Raises Fine Cabbage, Potatoes, Corn, Tomatoes, Cymlins Etc., at His First Ward Home.

The movement for the cultivation of side and back yards inaugurated in Alexandria during the early part of the spring is now yielding its results. The season has been propitious, and amateur truckers are enthused by the success which has followed their efforts to cause their ground to bring forth, and in some cases it has brought forth abundantly. Officer Charles E. Miller brought to this office today some of the finest specimens of cabbage, potatoes, corn, tomatoes, cymlins, etc., we have seen this year. The cabbage had headed until they were as large as water buckets. He resides at 117 Duke street.

Many residents of this city have for some time been supplying their tables with seasonable vegetables which they have grown in their back yards. Cabbage, snap beans, green peas, tomatoes, onions, cucumbers, etc., have been produced with but little actual labor, and other vegetables, especially Lima beans, are coming on fine. Some have pumpkins growing on their premises.

The suggestion that housekeepers cultivate their yards has spread over the city, and in some places lots comprising half an acre are being used for growing potatoes.

The Gazette has at times referred to the fact that foreigners who come to this country are often astonished to see so much idle ground within the city limits. In the old countries, where populations are congested, it is necessary to cultivate nearly every foot of ground. This is especially noticeable in England, France, Germany and other places. The war has taught Americans valuable lessons, the most important of which is making ground previously idle bring forth. We naturally eat with satisfaction vegetables gathered from our own premises, and the fact that we are not called upon to visit the market and pay for the same, as in days of yore, imparts additional satisfaction.

BOARDS OF APPEALS

Will Be Final Courts to Decide Cases of Exemption From Draft.

Governor Henry C. Stuart last night announced the names of the men composing the two district boards who will serve as the final court to which persons liable for military service under the provisions of the selective draft law, who believe they should be exempted from such service, may appeal from the decision of the local boards. These two district boards will serve for the Eastern and Western Districts of Virginia, and in addition to serving as a court to hear appeals, will also exercise original jurisdiction given them in the matter of claims made for discharge by persons engaged in certain industries.

All decisions of these two boards, however, are absolute and final, and if the decision is against the person in whose behalf it is made, such person stands as called for military service.

The names of the men selected by Governor Stuart to compose the two boards were wired last night to President Wilson, and must be approved by him. The boards are provided for in the army draft regulations, and one is established for each Federal judicial district of the State. They shall consist, according to these regulations, of men not connected with the military establishment.

LAWN PARTY

A lawn party will be given tonight at the corner of Queen and Washington streets by members of the Christ Church choir. In case of rain the party will be given tomorrow night at the same place. 1631t.

NOTICE

Regular meeting of Washington Memorial Lodge of Perfection No. 7, will be held Friday evening, July 13, at 7:30. All members and visiting brethren are cordially invited to be present. Business, arrangement of Fall program.

HOLLWEG IN DILEMMA

Chancellor Makes Address Before Reichstag In Secret Session on Monday, It is Said.

Amsterdam, July 10.—The main committee of the Reichstag yesterday continued its confidential discussion of internal and external political affairs. Dr. Von Bethmann-Hollweg, the Imperial Chancellor, the secretaries of state and many memberse of Bundestrat attended the meeting.

The Imperial Chancellor made a lengthy speech. Earlier in the day he had another conference with Emperor William.

Amsterdam, July 10.—The Tageblatt, of Berlin, says it is rumored that a change in the German chancellorship may be expected. Among those mentioned as the possible successor of Chancellor von Bethmann-Hollweg it names Prince von Buelow, former chancellor; Count von Hertling, Bavarian Prime Minister, and Count von Roedern, secretary of the imperial treasury.

Count von Hertling has had several conferences recently with Austro-Hungarian officials, presumably in regard to peace questions. He is said to favor peace without cash indemnity. During the war Prince von Buelow has spent most of his time in Switzerland.

It has been reported that the German Government has kept von Buelow in a detached position in the expectation of calling him back when the time came to arrange peace, with the idea that he could render greater services on account of having had no share in the conduct of the war.

Copenhagen, July 10.—A Berlin dispatch to the Fremdenblatt, of Hamburg, says that the entire Clerical party in the Reichstag, with the exception of three members, voted on Saturday night to support the stand taken by Mathias Erzberger, who made a sensational speech in the secret session of the main committee attacking the Admiralty and Pan-Germans as the great obstacles to peace and advocating peace without annexations or indemnities and the introduction of a parliamentary form of government.

Amsterdam, July 10.—Storm signals continue to flare up on the political horizon of the Teutonic empires, which ever grow in frequency and violence. Out of the maze of speculation that was rife at this neutral point of observation last night it was realized that unless all signs lie, a crisis between Germany and her chief ally, Austria, is at hand.

Most pregnant of momentous possibilities is the apparent sudden estrangement between Austria and Germany. There have been several such periods of "peevishness' on both sides since the war began.

Just as the storm seems about to break loose, there comes military news of most aggravating nature. Vienna admits that the Austrian lines near Stanislau have been broken through by General Korniloff's army. The Berlin official report, omitting all reference to the Austrians, says almost pointedly that "German reserves brought the thrust to a standstill." The phrase is almost as significant as the reference the other day to "Saxon, Rhenish and Ottoman troops" guarding the approaches to the capital of Austria's crownland, Galicia.

The Austrian Cabinet has resigned after two weeks' existence. The Hungarian problem is growing more menacing daily.

The political crisis within Germany seems to have calmed down somewhat, but everything depends upon the Chancellor's Reichstag speech.

Notice to Water Consumers

The Mains of the Alexandria Water Company will be flushed Thursday and Friday, July 12 and 13, beginning at 7:00 a. m. Consumers will please supply themselves with clear water.

GEO. UHLER, Secy.

ANARCHISTS SENTENCED

The prompt manner in which the jury in New York yesterday acted in the cases of Alexander Berkman and Emma Goldman in bringing in a verdict in twenty minutes sentencing the couple to pay fines of $10,000 each and serving two years' imprisonment, will be read with evident satisfaction by all good people throughout the land. They were charged with conspiracy against the selective draft.

The history of this man and woman is well-known. Berkman attempted to kill Henry C. Frick several years ago. He is a Russian anarchist of the most bitter genus. Emma Goldman, heretofore regarded as harmless, has been loud-mouthed and has made herself a nuisance. It is gratifying to know that our country will be free of annoyance from this couple for two years at least. Both prisoners were taken to prison shortly after sentence had been pronounced, Berkman to the federal prison at Atlanta, and Miss Goldman to the Jefferson City, Mo., penitentiary.

When President McKinley was shot and killed by Czolgost, a German anarchist, the Gazette suggested that the time had come when all such fiends should be deported. They are enemies of their race and should not be allowed to live, move and have their being among law-abiding people. They are averse to all forms of government and openly say so.

During the commune in Paris in 1871 a printer of anarchistic principles delivered a harangue in the French capital. Among other things he said: "Were I to go to heaven and find God an autocrat, I would plant cannon in the celestial streets and bombard the throne eternal."

The man and woman who yesterday received their just reward, are doubtless animated by the same fiendish spirit.

In this connection one of our Washington contemporaries asks how long is the organization known as the Industrial Workers of the World to be tolerated by the American government? How long are the leaders of this organization to be permitted to commit crime and organize violence?

Army officers in South Dakota assert that they have reliable information that the I. W. W. leaders in that State have prepared maps of the agricultural districts and have men stationed throughout the State under a plan to make simultaneous attempts to burn this season's crops.

I. W. W. workers have caused strikes in the coal mines of Pennsylvania. They have caused one-third of the copper mines in the Butte district to be shut down. At Jerome and elsewhere in Arizona the I. W. W. leaders have called strikes and advised sabotage. From many different sections of the country come reports of I. W. W. ledars who are urging workers to refuse to increase production or to aid in military efficiency in any way.

The organization is an avowed opponent of law and order. If the organization itself has not gone on record in opposition of the American government, many of its leaders have done so.

THE GERMAN CRISIS

Last week Mathias Erzberger, one of the ablest members of the Roman Catholic Centrist party in the Reichstag, arose from his seat and made a speech that is said to have lifted the lid from the war, so far as Germany is concerned. Just what he said the censor has not permitted the world to know, but he told the Reichstag that the U-boat was was a dead failure, in that England was no nearer starvation than she was four months ago. He told his fellow-legislators with startling revelation that the German army on the west was not only gradually losing ground, but morale, and that Germany had lost the one opportunity of ending the war with victory with a separate peace with Russia by offering that country a one-sided peace.

The speaker is said to have painted a dark picture of the future of Germany if the war should be protracted, and his analysis of the whole situation is reported to have been the most acute and penetrating ever delivered in the Reichstag.

It is suggested by a contemporary that the kaiser sorely needs an adviser of a type that does not thrive in Germany. The Hindenburgs cannot deal with the disease that afflicts that nation. Germany is a victim of militaritis in its most aggravated form, and the kaiser has no better sense than to give the patient poison instead of medicine. Unless the patient immediately ministers to himself the case is hopeless.

TURNING THE SCREWS.

Now that President Wilson has issued his proclamation placing an embargo upon the entire range of foodstuffs and munitions and all else that might find its way to Germany and aid the enemy, the conduct of the rigid export license system will be attended with much labor and will call for much carefulness on the part of the administrative officials.

The Baltimore American truly says that every effort will be made to get around the several conditions. The surest safeguard for the system is the penalty that would be visited upon any neutral that seeks to play fast and loose with the American embargo. The grim penalty of being cut off from the benefits would be swift and sure. And the neutral that should seek to conduct illicit trade with Germany would be apt to place itself in the unneutral list thereby, and invite belligerent interpretation of its conduct. The United States has food for sale. It is not disposed to feed its enemies. It will not consent for any neutral to feed them, either through direct or indirect supply of any part of the foodstuffs that the United States may permit to be shipped to neutral ports. The system for the protection of the country from duplicity is as well conceived as a system can be, and the penalties implied are sufficiently deterrent. The blockade will be rigid and where necessary it will be absolute.

BILLION BUSHELS GAIN

Corn Yield of Over Three Billion Bushels Next to Largest in Country's History.

A billion bushels increase over last year's production in the principal food crops is the response American farmers have made to President Wilson's mid-April appeal, saying that upon them "rests the fate of the war and the fate of nations."

The extent of the farmers' response was disclosed yesterday when a production of 6,093,000,000 bushels of principal food crops was forecast in the Department of Agriculture's July crop report. It shows this year's corn crop will be the largest in history, except one, and that four, and possibly five, other crops will make new high records.

The corn crop, which, with favorable weather from now on, may equal the bumper yield of 1912, shows an increase of 541,000,000 bushels over last year, with a total of 3,124,000,000 bushels. The acreage is 14 per cent. larger than last year.

The combined winter and spring wheat crop will be 38,000,000 bushels more than last year's with a total of 678,000,000 bushels.

Barley, with prospects of the third largest crop ever grown, will exceed last year's production by 33,000,000 bushels, with an output of 214,000,000 bushels.

Oats promise to exceed last year's crop by 201,000,000 bushels, the total production being forecast at 1,453,000,000 bushels. That is slightly under the record. Improvement between now and harvest, however, may result in a record crop.

White potato production, on a 22.5 per cent. increase in acreage, will be a record crop, with 452,000,000 bushels or 167,000,000 bushels more than last year, not taking into account the home garden production, which this year is estimated to be much larger than ever before.

Rye, another record crop this year will amount to 56,100,000 bushels, or 8,700,000 bushels more than last year.

Sweet potatoes will register a new high total, with 82,200,000 bushels, or 11,000,000 bushels more than last year.

Rice production will be 34,400,000 bushels, the second largest crop ever produced.

Production of tobacco will break another record, with a crop of 1,215,000,000 pounds, which is 64,000,000 pounds more than was grown last year.

U-BOAT MEN ANGRY

24,000 Marks to be Paid for Head of Man Who Was First to Brave Barred Zone.

Paris, July 10.—A graphic story of the destruction of the armed United States steamship Orleans by a German submarine, revealing for the first time that the Kaiser had set a price of 24,000 marks upon the head of Capt. Allen Tucker, was told here today by survivors who have just arrived.

Officers on the submarine, with drawn revolvers, tried to find Captain Tucker to kill him, but were frustrated. The captain had a narrow encape from drowning as well as from death at the hands of the Germans.

The Orleans and her sister ship, the Rochester, were the first armed American freighters to leave New York after Germany declared her ruthless submarine war, and this evidently enraged the Kaiser.

HAWAIIANS WANT TO FIGHT

3,000 Militiamen Make Urgent Pleas That They Be Sent to France.

Urgent pleas to be sent to France, to join the American forces in France are being made by 3,000 Hawaiian militiamen, according to J. Kuhio Kalanianaole, the Hawaiian delegate in Congress, who is urging favorable action by the War Department.

The question of food supply, it is said, enters into the problem of what disposition is to be made of the Hawaiian forces, for Hawaii is looked to to furnish much of the United States' sugar and rice needs.

"Our men want to get into the fight right away," said Mr. Kalanianaole, who expressed the hope today that the department would immediately order the militiamen into the Federal service.

DEATH IN ROBBER'S BITE

Victim Was Bitten on Thumb in Fight With Negro Highwaymen.

Philadelphia, July 10.—Coroner Knight is investigating the death of Benjamin Travis, 64 years old, No. 641 South Felton street, who died last Thursday in a hospital at Fifteenth and Master streets from an infected thumb. The Coroner was informed yesterday that the infection resulted from a bite Travis received last May, when he fought two negro highwaymen who held him up near his home. The man had the wound cauterized at a hospital, but several weeks later it began troubling him and he was then taken to the private hospital. The police have been asked to aid in the search for the highwaymen.

COME FROM MANY SECTIONS

United States Marine Corps Gets Enlistments From Nearly all Parts of the World.

Washington, July 10.—A remarkable instance of the patriotism of Americans abroad was shown during the past month by the application for enlistment in the U. S. Marine Corps of 104 Americans living in all parts of the world, it was announced at Marine Corps Headquarters today Letters were received from 26 foreign countries offering service to the "Soldiers of the Sea." Every continent on the face of the globe was represented—New Zealand, China, Japan, Egypt, five each of South and Central American countries, four West Indian islands, several British colonies, and others.

NOVEL RESCUE FROM DEATH

Boy Torn From Engine Dragging Him by Clothes.

Towanda, Pa., July 10.—Tony Josbena, a section boss for the Lehigh, at Wysox, Sunday evening grabbed hold of the feet of 8-year-old Edward Howe, who was underneath the cylinder of a Lehigh locomotive, which was dragging him to death, and yanked the boy away, saving his life.

The lad was knocked down by the pilot, and a steam-cock on the cylinder caught his clothing. He had been dragged 20 feet when Josbena yanked him from the jaws of death. The lad was practically unhurt.

FOUND DEAD IN CREEK

Mrs. Paralee Kater Wanders From Home, Body Being Discovered in Shallow Water.

Winchester, Va., July 10.—Mrs. Paralee Carper Kater, aged sixty-two, widow of David B. Kater, who went from her home here Saturday evening to spend the week-end with her daughter, Mrs. Pierce Wathey, at Kernstown, wandered away from the house Sunday and was found dead during the afternoon lying face down in a shallow stream of water on the farm. She recently had spells of vertigo and is thought to have slipped on the bank and fallen into the stream.

BRIDE VAINLY WAITS

Soldier Disappears Few Hours Before Time Set for Marriage to Sweetheart.

Uniontown, Pa., July 10.—Fayette county authorities are scouring the surrounding county district in an effort to find some trace of Joseph Thomas, aged 21, a private in the United States Regular Army, stationed at Fort Ethan Allen, Vermont, who mysteriously disappeared a few hours before the time set for his marriage today with Miss Mary Shoaey, aged 21, daughter of a wealthy farmer of Shoaf, near here. Miss Shoaey is prostrated over the affair, and is under the care of physicians. Her condition was reported as being serious.

Relatives of Private Thomas and Miss Shoaey gathered in the intended bride's home and the minister was prepared to officiate at noon, but Thomas failed to appear. It was first thought that he had been delayed, but after hours passed it was decided to notify the police.

Private Thomas and Miss Shoaey had been friends over three years, and they had planned the wedding several months ago. The soldier was granted a leave of absence and returned home several days ago. He was seen near his home by friends this morning and appeared to be in good spirits.

Relatives and the police believe that he met with foul play while walking in the country district.

RAPS PRO-GERMANS

Former Alexandria Pastor Makes Suitable Answer to Subscriber to "Methodist Protestant."

Loyalty to the Stars and Stripes, together with some editorial anti-German utterances, have been resented by a subscriber of the Methodist Protestant, the official organ of that denomination, by the withdrawal of his subscription to that paper. The story is told in the current issue of that paper, showing how a German subscriber evidently took offense at some of the rebukes that have been hurled at the ruthless warfare methods of the Germans in the columns of that paper.

The subscriber, who lives "somewhere in New Jersey," has written a letter to Rev. Dr. Frank T. Benson, editor of the Methodist Protestant, simply stating that she does not want the paper any longer. After singing her name, she adds the P. S.—"I am a German."

Rev. Dr. Benson, by way of comment, says:

"We have tried to be very discreet in the use of language descriptive of the atrocities practiced by the armies of the Germans during the war. We have a sincere regard for the German people. They are a wonderful people, and we believe with President Wilson that only a small part of the German nation is responsible for the war."

But Dr. Benson adds he would be false to his trust if he did not denounce with vehemence the air raids upon defenseless women and children and the ruthless destruction of priceless treasures of mankind in cities and cathedrals, and says they are so out of harmony with the teachings of Christianity and the enlightened spirit of our times that even Germans ought to hesitate before defending them. Continuing his editorial, Dr. Benson says:

"If we have Germans among our readers we assure them that we hold them too highly to believe that they desire to uphold such crimes against humanity as are happening every day in the desolated lands across the sea. We cannot believe that the German people are in sympathy with such things. Still, if there are those among our constituency who indorse such deeds of darkness and will not hear us when we denounce them, we will still join with the President of this republic and the lovers of liberty in every land in denouncing every man or nation that threatens the fabric of our civilization and religion built up with so much blood and treasure. We will stand with man and the Christ who died for him against the enemies of men."

Rev. Dr. Benson was pastor of the Methodist Protestant church in Alexandria during the latter part of the nineties.

END-THE-WAR PROGRAM

German Minority Socialists Announce Basis for End of Hostilities

Stockholm, July 10.—Immediate conclusion of peace conditions, which shall include the establishment of an international convention to bring about general disarmament, is the demand of the international proletariat, according to German minority Socialists, who have just issued a lengthy memorandum.

Economic isolation of states are condemned, the memorandum continues, and obligatory international arbitration should be instituted. Equal rights of all inhabitants of any country, regardless of nationality, race or religion, is an imperative necessity. Other recommendations are:

Secret treaties must be abolished.

Modifications of frontiers must depend on the consent of the populations concerned and must not be affected by violence.

Annexations and indemnities shall be fixed on the basis of the right of nations to decide their own destinies.

The aspirations of the Polish people toward national unity is understood, but to concede right of autonomy to Russian Poland and refuse it to Prussian and Austrian Poland is irreconcilable with the right of nations to decide their own destinies.

Continuation of the war to establish this right as well as to solve the question of Alsace-Lorraine is condemned. An opportunity ought to be given Alsace-Lorraine to decide by referendum to which country it wishes to belong.

It is impossible to refuse Belgium complete political independence and complete economic autonomy. The Belgian people should receive reparation and damages due to war, particularly the restitution of economic losses, this having nothing in common with war indemnities, which is condemned.

The policy of colonial conquest is condemned.

The essential preliminary of a lasting peace is the independence of the Socialist parties in their relations with imperialistic governments.

A peace program would be idle talk unless supported by energetic international efforts of the masses.

TO DRAFT NEXT WEEK

President Issues Proclamation Calling National Guard Into Federal Service.

Draft day will be next week, probably Tuesday or Wednesday. This is the present plan of the War Department, it developed yesterday. These other things also became known:

1—Probably 1,500,000 men will be drawn.

2—Of these, 687,000 will be called to the colors immediately. The others will be subject to call when needed. The War Department believes that by this plan much future work can be avoided.

3—Sixteen States and the District of Columbia had completed their numbering of registration cards yesterday, had sent duplicate cards to the War Department and were ready for the draft. The States are Arizona, Connecticut, Delaware, Idaho, Louisiana, Maine, Montana, Nebraska, New Mexico, Oregon, Rhode Island, South Carolina, Tennessee, Virginia, West Virginia, and Wisconsin.

4—Provost Marshal Gen. Crowder announced that appeals from the decisions of local boards in exemption cases must be made in writing, accompanied by affidavits. Men arguing for exemption will not be allowed to appear in person before the appellate boards.

5—President Wilson yesterday by proclamation drafted into the Federal service as of August 5, the entire Nationl Guard. Danger of German invasion he cites as his reason. His order placed the Guard, after August 5, on the same footing as the regular army, They will "stand discharged from the militia, and, under the terms of Section 2, of the Act of May 18, 1917, be subject to the laws and regulations governing the regular army.'

SALOON OUTLOOK BAD

Predicted Two Thousand Will Go Out of Business in Chicago.

Chicago, July 10.—Chapin & Gore, for 60 years one of the largest whisky manufacturing firms in the country, is to go out of business, Charles H. Hermann, president of the firm, announced yesterday.

Mr. Hermann, who is also at the head of the National Distillers and Wholesale Liquor Dealers' Association, predicted that within 60 days at least 2,000 saloons in Chicago and a similar proportion throughout the country would be forced out of business as the result of the national anti-whisky legislation.

Mr. Hermann estimated that the whisky now in existence would be exhausted within a year at the present rate of consumption. He said he had positive knowledge that there was not more than 200,000,000 gallons of whisky now in the government warehouses.

PREACHER IN JAIL

Once in Lockup in Richmond, Now in Baltimore Prison.

Dr. Leonard W. Snyder, who was in trouble in Richmond in 1908, is now in jail in Baltimore, according to information the police received from that city He is held there on the charge of attacking a sixteen-year-old boy. For a similar offense committed in Richmond he was fined $25 in police court, according to Detective Captain McMahon, who brought him back to Richmond from Ocean View. Snyder posed as a boys' preacher, haranguing youngsters on the street corners. He also touched upon the prohibition question at times, arguing for moderation rather than total abstinence. These sentiments are said to have brought him checks at intervals from whisky and distillery houses.

DIVER FATALLY INJURED

A. P. Schutze Strikes Head Against Stump in Mill Pond and is Paralyzed from Neck Down.

Danville, Va., July 10.—A. R. Schutze, aged twenty-seven, of Springfield, Ky., on a visit here to Dr. C. W. Pritchett, was probably fatally injured near here yesterday afternoon when diving from a tree stump into what he thought was deep water. He struck a boulder with his head and was dragged from the water paralyzed from the neck down.

Schutze, with a party of girls and boys, motored away from here this afternoon to Walter's mill, on the Dan, a favorite bathing place. The accident happened at 5 o'clock. The city ambulance went through the country to bring him to the hospital. He is conscious, but has no use of any of his limbs. Schutze was employed in the tobacco business.

TRIANGULAR COURTSHIP.

Rejected by Girls, He Marries Their Mother.

Jamesburg, N. J., July 10.—A happy culmination to a three-cornered courtship in which a mother and her two daughters were the courted was brought to a happy finish here, when the mother of the two daughters, Mrs. Blanche Mathews, fifty-two, was wed to Franz Johnson, 36, teacher in the Plainfield High School. Two of the witnesses were daughters, Misses Blanche and Pauline Matthews. The Rev. W. J. P. Edgard, pastor of the Jamestown Presbyterian Church, was the officiating clergyman.

The bridegnoom came here from Pennington to act as manager of the Mathews general store after the death of the husband of the bride yesterday and Mr. Johnson unsuccessfully courted the two daughters in turn.

A wedding supper was held at the Hotel Klein, New Brunwick. Mr. Johnson will enter Cornell University to take a post-graduate course.

TRIED TO FREE TEUTONS.

Fort McPherson Officers Find Barricade Wires Cut.

Atlnata, Ga., July 10.—An investigation was being made last night by military authorities at Fort McPherson in an effort to place responsibility for what appears to have been an attempt to liberate 400 German sailors interned there.

Officers admitted they had discovered that the wire barricade which extends around the quarters occupied by the prisoners had been cut Sunday night. The discovery was made this morning. In one place a hole large enough to allow the passage of a man's body was found.

The sentinel who was on duty near the prisoners' quarters was put under arrest. No other arrests had been made last night. The authorities have been unable to ascertain whether the wires were cut by the interned sailors or some one outside the barricade.

"AMERICAN NERVE."

Seamen Saves Norwegians From German Submarine.

American Headquarters in France, July 10.—Survivors of a Norwegian merchant ship that was sunk by a German submarine, were landed today at a French port by United States destroyers.

All the members of the crew were rescued, thanks to the energy and courage of the American seamen.

The rescued men were loud in their praise of the Americann. They declared the American squadron is doing splendid service in protecting merchant ships from "U" boats.

The liberality of the American soldiers is commented on everywhere. The Frennh soldier rereives only 7 cents a day for his army services, and he marvels at the prodigality of the Americans.

Notice.

From and after this date I will not be responsible for any bills incurred by my wife, Minnie Hohenstein.

TRAIN KILLS TWO WOMEN

B. & O. Express Hits Auto at Berwyn, Md.

Hyattsville, Md., July 10.—Two women were instantly killed when a Baltimore and Ohio express train, bound for Washington, struck an automobile at the Berwyn crossing, Prince Georges county, about 6:45 last night.

The dead are:

Sophia A. Read, 72 years old, Berwyn Heights.

Mrs. Marie Read Vinal, 84 years old, also of Berwyn Heights.

Edmund S. Read, the husband and brother respectively, of the dead women, was driving the machine, and with him on the front seat was Mrs. Nellie D. Vinal, his niece. They escaped with slight injuries.

The two women who were killed were on the rear seat. Their bodies were thrown 50 feet and were badly mangled. The front part of the car was little damaged.

At the time of the accident a freight was standing on the northbound track, and, according to a statement attributed to Mr. Read, he was signalled to cross by one of the freight crew. At this crossing which is approached up-grade, the watchman leaves at 6 o'clock in the evening, and, aside from bells, the crossing is left unprotected.

Mr. Read, who is engaged in business in Washington, has resided in Berwyn Heights only about two months, and, it is said, was not familiar with conditions at the crossing. Seeing the gates not lowered, he assumed it was safe to go over.

Notice.

TAKE NOTICE—That the undersigned will, on July 9, 1917, or as soon thereafter as the same may be heard, make application to the Corporation Court of the City of Alexandria, Virginia, for license to order, purchase or receive ardent spirits for the use of the Alexandria Hospital, and not to be used contrary to the provisions of chapter 146 of the Acts of Assembly of 1916; and to sell such ardent spirits upon prescription to the patients of said Hospital under and in accordance with the provisions of chapter 146 of the Acts of Assembly of 1916.

152-3w C. J. W. SUMMERS.

NEWS OF THE DAY.

Official word has come from Vienna admitting defeat. The Austrian war office states that the Russians have broken through the first line defense positions below Stanislau. They smashed through the Teuton wall of fire and steel and penetrated 11 miles beyond Stanislau, thus cutting in a wide detour into the rear of the approaches of Halicz. They captured one town and four villages. They bagged another big load of prisoners and booty, to wit: 131 officers; 7,000 men; 48 guns, including 18 powerful Skodas; untold machine guns, bombthrowers and trench mortars.

One of the most furious storms in years struck Cleveland, Ohio, last night. Cellars were flooded and streets were made impassable.. The damage to property in the East End will be enormous.

Willie M. Rout, the 8-year-old son of Policeman William Rout, of the Ninth precinct, Washington, was instantly killed last night in sight of his mother near the new building of the Bureau of Engraving and Printing by an automobile in which a party of eight young men were riding.

Three persons were burned to death and four others seriously injured by fire in the plant of the Interstate Sanitation Company, Cincinnati, yesterday. The fire was caused by the explosion of a 250-pound tank of chemicals, the shock partially wrecking the building, trapping employes and several families living in the upper stories of the building.

Beginning today bakers throughout the land at the request of the Commercial Economy Board of the Council of National Defense will refuse to accept returns of stale bread from the retailers.

It is reported from Berlin that Emperor William has invited all the neutral ambassadors and ministers in the German capital to a conference on Sunday.

The finding of a body of a young woman in Lake Michigan gave the police of Evanston and Glencoe, suburbs of Chicago, another murder mystery yesterday. The girl was about 24 and pretty. Her head was beaten and crushed. Police thought she might have been thrown overboard from a passing steamer.

Apparently alarmed over the entrance of the United States into the war Germany is making desperate efforts to increase her army. A Stockholm dispatch in the Morning Post today said that 1,000,000 more German men and boys have been called to the colors during the past month and 2,000,000 additional mobilized. The general staff is even withdrawing workers from ammunition plants and mines, giving their places to women.

The work at the Bureau of Engraving and Printing is to be placed on an eight-hour, six days a week basis at once, both for men and women. Secretary of the Treasury McAdoo made this announcement last night.

Emma Goldman and Alexander Berkman were yesterday in New York, found guilty of conspiracy against the selective draft act. The jury was out but forty minutes. Federal Judge Mayer immediately sentenced them to two years' imprisonment each and fined each $10,000. After their sentence both are liable to be deported. Berkman is a Russian, who served time for an attempt on the life of Henry C. Frick. Emma Goldman claims citizenship on her father's application, but such a claim would have to be established.

Naval officers and Federal agents last night co-operated in seeking out the responsibility for the explosion of a black powder magazine at the Mare Island navy yard in San Francisco Bay yesterday which killed 6 persons and injured 31 others. Rumors that arrests had been made on the theory that the explosion was the result of an organized consipracy were not confirmed.

Carranza is in a desperate plight. His chief military lieutenant, Alvaro Obregon, has left him and is now engaged in stirring up a revolution in Sonora. Carranza's soldiers are clamoring for their pay. In order to raise funds he has assessed foreign property, and is now confiscating it in cases where his extortionate assessments are unpaid.

President Wilson yesterday took the embargo power practically into his own hands. He and his advisers made it clear that it would be exercised with the greatest care. There will be no bomb shell for business in its workings. No wholesale or absolute ban upon exports will be imposed. On the contrary our policy of restriction will be gradually constructed. The three great ends of the embargo clause in the espionage bill under which the President issued his proclamation of Sunday—to ease conditions in this country, to co-ordinate our supplies to neutrals and allies, and to prevent sustenance from reaching Germany—will be attained with as little destruction of domestic business, as little disturbance among our allies and as little suffering among neutrals as possible.

The first Japanese minister ever accredited to the Vatican is about to arrive.

The latest step necessary to make the national guard available for duty in France was taken yesterday by President Wilson with the issue of a proclamation drafting the State troops into the army of the United States on August 5. To make certain that the purpose of the national defense act is carried out, the proclamation also specifically declares the men drafted are discharged from the old militia status on that date. In that way the constitutional restraint upon use of militia outside the country is avoided, and the way paved for sending the regiments to the European front. The Virginia regiments are among those which will be drafted July 15.

OPEN SHOP ON ARMY WORK

Activities of Union Labor Agents in Texas Met by Warning.

San Antonio, Tex., July 9.—Activities of union labor agents in connection with the building of the new army cantonment at Camp Wilson, near here, was given official recognition in a statement from Southern Department headquarters that the "Government of the United States has never been known to authorize the employment solely of union men on an army job."

A report that union labor agents have been active in seeking employment of union men to the exclusion of non-union workmen brought the further statement that "When attempts of this character have been made in other instances, the Government has found an efficient remedy for the situation."

Five thousand pint bottles of liquor, contained in two hundred cases, were captured in a raid made by the police at Norfolk on Friday night last. The liquor was taken from the barge Sea King. The members of the crew were arrested on the charge of bringing liquor into the state. It is the biggest raid made since the prohibition law went into effect.

NOTHING TO DO 'TILL SUPPER TIME

Put the meat in right after lunch—give it thirty minutes of quick heat, then close the damper and the New Perfection heat-retaining oven does the rest.

It's the stove that cooks while the cook's away. Saves time and money too.

No fire to build and tend, no ashes to empty. Takes half the drudgery out of your kitchen and keeps it cool.

A new feature of the New Perfection—the reversible glass reservoir. Ask your dealer to show it to you.

ALADDIN SECURITY OIL

a superior kerosene, should be used for best results. Always clean and clear-burning.

STANDARD OIL COMPANY
(New Jersey)
BALTIMORE MD.
Washington, D. C. Norfolk, Va. Richmond, Va.
Charlotte, N. C. Charleston, W. Va. Charleston, S. C.
